The Stenham Group comprises three focused businesses that operate on an independent basis.

Stenham Asset Management

Stenham Asset Management is focused exclusively on delivering strong absolute returns achieving a multiple award-winning track record. It provides market leading solutions for institutions, charities, private banks and family offices, including both discretionary portfolios and funds. Total assets as at December 2011 are US\$ 2.7 billion.

The firm's investment philosophy is to deliver consistent capital growth implementing a strategy of diversification to control the level of risk in a client's portfolio.

Stenham Asset Management is run by an experienced and stable team, the key members of which have been together for over 10 years. The team is committed to its strategic approach and a significant amount of members' own investable funds is managed by the firm.

Stenham Property

Stenham Property offers investors access to international commercial real-estate opportunities either through discretionary closed-ended real estate funds or the ability to co-invest alongside these in direct syndications.

Stenham Property is opportunistic in its investment approach. It seeks out real estate investments which, in its experience and insight, can deliver double digit returns to investors based on a three to five year business strategy.

Stenham Trustees

Stenham Trustees has many years of experience advising international clients on both the establishment and the ongoing administration of a comprehensive range of onshore and offshore structures. The group has a strong presence in some of the world's main trust jurisdictions chosen for their robust regulatory and legislative frameworks, as well as their stability and attractive fiscal environments.

The trust team has a wealth of experience in all aspects of trust and company administration and is well-versed in establishing, incorporating and managing structures in many offshore and onshore jurisdictions for high net worth individuals.
