

Stenham Nominated for Prestigious Hedge Funds World Awards, Middle East

19 February 2008: Stenham has been nominated for two prestigious Hedge Funds World Awards in the Middle East in the categories of 'Best Fund of Funds' and 'Best Institutional Hedge Fund Manager'.

Stenham, the alternative investment wealth management group, is a leading fund of hedge funds provider and has built up an enviable track record, winning a number of other awards in recent years. Last year it picked up the European Hedge Funds Review award for Best Long-Term Achievement in Diversified Fund of Hedge Funds over 10 years – the third year in a row in which Stenham has won this award.

Kevin Arenson, Chief Investment Officer of Stenham Asset Management, commented: 'I am excited at the nominations we have received for the coveted Hedge Funds World Awards. The Middle East is a growing market for us and it is important that our long track record and strong risk-adjusted results are recognised by our client base there. Our Multi-Strategy fund of hedge funds has delivered Libor +5% with a volatility of under 4% over the last 10 years and delivered positive returns in the last 3 months despite the extreme market environment.'

The awards ceremony takes place on 4 March 2008 at the Madinat Arena, Madinat Jumeirah, Dubai.
